

ETCHED GLASS

DISTINCTIVE VISUAL APPEAL OF GLASS IN SIGNAGE

Logos etched into glass offer a uniquely upscale presentation—frosted, tactile, and embedded directly into the material, ensuring permanence that won't peel or fade like surface-applied graphics. This etched branding not only enhances perceived quality but also reflects light beautifully, adding dimension and visual interest.

COMMONLY USED IN THESE APPLICATIONS

DEFINITION

Low-Iron Glass: Offers near-perfect clarity with minimal green tint, making it the premium option for logo etching, high-end branding, and signage requiring accurate color presentation.

SPECIFICATIONS

- **Size:** Min: 12" Max: 96"
(larger sizes available in multiple pieces)
- **Thickness:** 1/4", 3/8", 1/2"

GLASS SIGNAGE SOLUTIONS COMBINE BEAUTY, DURABILITY, AND CUSTOMIZATION. ETCHED GLASS SIGNS OFFER A LASTING, LUXURIOUS IMPRESSION.

PRECISION LOGO SIGNS

Etched glass enables intricate logo designs with smooth frosted finishes that are baked into the surface.

WIDE RANGE OF SIZES

Sizes can range from 12" or 24" to 95" as a single piece - or even larger by using multiple pieces.

OPTIONAL: ADD LED LIGHTING

Impact's integrated LED rail lighting can be added to enhance the etched design with subtle illumination, making your branding visible even in low-light environments.
