

CAST ARCHITECTURAL PLAQUES

ENDURING METAL PLAQUES WITH IMPRESSIVE DEPTH

Cast Architectural Plaques can achieve a three-dimensional depth and texture that's impossible with other processes. These plaques capture artisan details and multi-level dimension, immortalizing logos, emblems, and images that stand the test of time. These durable plaques can be installed indoor or out.

DEFINITION

Cast Architectural Plaques are commemorative, decorative, or wayfinding plaques that feature a three-dimensional sculpted foreground and a recessed background.

UNIVERSITIES

**FOR THOSE WHO WANT TIMELESS TRIBUTES
TO ELEVATE ANY SPACE, THESE ARTISAN
PLAQUES ARE MADE TO LAST.**

UNMATCHED DEPTH

Cast architectural plaques can reach depths of 2 ½", allowing for realistic dimensional impressions of people, images, and scenes. Achieve depth and texture impossible with other processes.

SCULPTED LIKENESS

Capture intricate details and multi-level surfaces, immortalizing logos, emblems, and portraits with lasting detail.

TIME-TESTED TRADITION

Cast architectural plaques utilize a 6,000-year-old process known for its enduring quality. Molten metal creates a solid, one-piece work of art that is hand finished to exquisite results.
